

KLOVE is vastly important to my family and me, as well as the community at large. Please don't do anything to take this precious station away from us! Many times, I'll find myself depressed or just discouraged. When I turn on KLOVE, though, my whole day seems to change for the better. I know that others feel the same way. To take this station away would be to dishearten a large population of people, many of whom would find it difficult to continue the process of getting back on their feet through tough situations.
